

Wearing my school uniform

Reader Notes:

These stories have been designed to help children learn about school so they know what to expect and can learn helpful ways to respond to new situations. As a teacher, parent or carer you can help your child by reading through the stories. You could point out how the child's school experience is different and similar to that in the story and come up with other helpful ways to respond. We hope these stories can make children feel more confident, safe and accepted at school.

This story can be customised with personalised images or photos that are relevant to the child or children you will read it with. Visit allplaylearn.org.au to view our collection of illustrated stories for ideas. Use an A4 printed version of this PDF to insert your photos, we recommend printing these in a 6x4" standard photo size.

When I go to school I need to wear my school uniform.

Most kids wear uniforms to show what school they attend.

A school uniform can help me feel like I belong because everyone is wearing similar clothes.

The colours of my school uniform are blue and yellow but other schools might have different coloured uniforms.

There might be a summer and a winter school uniform. This keeps us cool in summer and warm in winter.

When it's summer I will wear my school shorts and my t-shirt. I will need to wear my hat outside so I don't get sunburnt.

When it's winter I will wear my school jumper and long pants.

On special days, like free dress day or costume day during Book Week, we don't wear our school uniform. We might wear our normal clothes or dress-up as story characters instead!

Sometimes I wish I didn't have to wear my school uniform. But I can remember that my school uniform is comfortable and easy to play in and that all kids at my school need to wear their uniforms, just like me.

AllPlay: Making the world fit for all kids

AllPlay is about creating inclusive environments for children wherever they learn, play, dance and engage in the community.

Our team of researchers brings together the research evidence that sits behind our toolkits and programs to ensure that the strategies we deliver are as effective as they can be.

We work with those committed to creating inclusive communities including coaches, sporting clubs, dance schools, teachers and educators, parents and healthcare practitioners.

Our philosophy:
Change the world, not the child.
